REMARKS

Favorable reconsideration of the present application, in view of the present amendment and in light of the following remarks, is respectfully requested.

Claims 1-19 are currently pending in this application. Claims 8-14 and 18 have been amended herewith. No other claims have been added or cancelled. The changes are supported by the originally filed specification and do not introduce any new matter.

In the outstanding Office Action, claims 8-14 were rejected under 35 USC 101 as being directed to non-statutory subject matter; and claims 1-7 and 15-19 were allowed. In response to the suggestions of the Office Action, claims 8-14 and 18 have been amended to clarify that the computer code is executable program code embodied in the computer readable medium. These changes are believed to overcome the rejection, and it is respectfully requested that the rejection be withdrawn.
